

Department of Neighborhoods Small and Simple Project Awards, Dec. 1st, 2005

	Project Name	Neighborhood Organization	Match Amount	NMF Amount
	Meany Science Wall	Meany Magnet Middle School PTSA	\$11,593	\$10,284
Description:	This project will create a 5 x 20 mosaic tile mural to be mounted on the brick wall at the front entrance to Meany Middle School and the Miller Community Center gymnasium.			
	Prospect St and 4th Ave N Traffic Circle	Neighbors for Safety	\$5,123	\$5,122
Description:	This project will construct a 12-ft diameter traffic circle at the intersection of Prospect St and 4th Ave N for the purpose of enhancing the safety and well-being of those who live in the neighborhood as well as for those who pass through.			
	2nd Ave NE and NE 91st St Traffic Circle	2nd Ave NE and NE 91st Street Traffic Circle Committee	\$4,725	\$4,725
Description:	This project will install a traffic circle to slow speeding traffic that is rerouting from a light at 5th Ave NE and NE 92nd St.			
	Dahl Playfield Skatespot	Boarders 4 Parks	\$9,215	\$14,650
Description:	This project seeks to hire a team of professionals to design an approximately 3,600 sq-ft skatespot at Dahl Playfield. Community meetings will be held with the designers to create a design for the skatespot.			
	Traffic Circle at Sunnyside Ave N and N 43rd St	Friends of Sunnyside Ave N and N 43rd St	\$4,374	\$4,374
Description:	This project will construct a traffic circle at Sunnyside Ave N and N 43rd St			
	The 14th Avenue NW Visioning Project	East Ballard Community Association	\$10,250	\$15,000
Description:	This project would create an action plan for 14th Ave NW, between the ship canal and Ballard High School. The project would address issues of safety, beauty and value that are common to the entire community of businesses, residents and institutions located in this area.			
	Planning of Bryant Elementary School Playfield Rehabilitation	Bryant Elementary PTSA	\$7,500	\$7,500
Description:	This projects seeks to hire a landscape architect who can help the community develop a plan for improving the area of the Bryant Elementary playground which was originally a grassy palyfield. The playground is used year-round by area residents, as well as students. We want a design which takes into account safety, opportunities for creative play, durability, sustainability, and environmental sensitivity.			
	Chinatown-International District Bio-Diesel Feasibility Study	Chinatown International District BIA	\$12,774	\$12,500
Description:	CIDBIA will conduct a study to determine the feasibility of processing cooking oil discarded by area restaurants into bio-diesel. This will include, but not be limited to, surveys, focus groups of restaurant owners, analysis of pricing for processing (eg. equipment, human resources, location) and market research for selling the final product.			

	Project Name	Neighborhood Organization	Match Amount	NMF Amount
	Master Plan/Schematic Design - Madison Park Community Playfield	Friends of Madison Park	\$7,650	\$15,000
Description:	This project seeks to create a master plan design and schematic drawings for Madison Park. The park's play structures are deteriorating and unsafe, and the park needs to be redesigned to become a more inclusive community gathering place for families, disabled people and the large community of seniors in the area.			
	The Living Barge	South Park Arts Council	\$21,730	\$15,000
Description:	This project will plant a floating barge with the native plants of the Duwamish River area, to create a temporary public art piece combining neighborhood art events and landscape restoration. While on display in April 2006, the Living Barge will bring visibility to the area, serve as an anchor for other events, and create a dialogue about the Duwamish's history and future.			
	First Avenue Median Strip Renovation	Pioneer Square Community Association	\$15,000	\$7,500
Description:	This project will renovate the medians along First Avenue from Cherry to King Street. There are four elements to the project: electrification of the trees, installing cobblestones in the medians, and providing irrigation and plants at the end of each median.			
	Georgetown Riverview Restoration Project - Phase I	Duwamish River Cleanup Coalition	\$9,085	\$7,000
Description:	This project provides feasibility studies, outreach, and neighborhood design for pedestrian/bike paths, street trees, and native plants along 8th Ave S, from E Marginal to Gateway Park on the Duwamish River. The project includes two on-site work parties for trash/graffiti/invasive weed removal along 8th Ave S and at Gateway Park.			
	Culture to Culture Arts Intervention for Youth and Community Development	Culture to Culture Community Connections	\$3,000	\$3,000
Description:	This project will plan and produce a free West African Day of Live Music, a family oriented multi-cultural event featuring the energizing and body moving sounds of the djembe drummers, sounds of the kora and rap artistry of the Griot tradition.			
	People's Learning Center Community Adult Literacy Summit	People's Learning Center	\$3,975	\$1,962
Description:	This project is to provide outreach to the community on the need and learning opportunities for adult literacy and to increase enrollment and partnerships at the People's Learning Center.			
	Grow South Hudson!	Grow South Hudson	\$2,210	\$2,060
Description:	This project will build well-designed and quality tree wells to complement the eleven Trident Maple Trees given by the Tree Fund.			
	Technology Education and Info Exchange	Technology Access Foundation	\$9,785	\$9,000
Description:	This project will provide children the opportunity to get a head start using technology to build basic skills in reading, math, writing, problem solving, critical thinking, and communication skills.			

	Project Name	Neighborhood Organization	Match Amount	NMF Amount
	Holiday Magic from Top to Bottom	Queen Anne Chamber of Commerce	\$10,566	\$7,366
Description:	This project will sponsor three holiday activities that will unify the top of Queen Anne and the bottom of Queen Anne Hill in a celebration of the holidays, thus, strengthening our community.			
	Roosevelt Neighborhood Plan "Re-visioning"	Roosevelt Neighborhood Association	\$13,165	\$15,000
Description:	This project seeks to hire urban designers in order to update Roosevelt's Neighborhood Plan.			
	Madrona Elementary Tree Planting	Madrona Elementary PTSA	\$1,889	\$1,610
Description:	This project will plant four native evergreen trees, add compost and mulch, and install a simple irrigation line in the existing planting strip at the northwest corner of Madrona Elementary School.			
	Traffic Calming/Pedestrian Safety Improvement - Phase 1 Outreach & Design Development	Squire Park Community Council	\$18,510	\$15,000
Description:	This project will provide outreach to Squire Park residents and stakeholders to identify residential neighborhood traffic and pedestrian safety priorities. Work with a traffic consultant to develop a neighborhood-level plan, implementation timeline and budget that identifies strategies to: reduce automobile volume and speed, encourage bicycle and pedestrian use and safety, improve neighborhood's residential character, mitigate impacts of Swedish-Providence Hospital expansion.			
	17th Ave NW & 63rd St NW Pocket Park	Friends of 17th & 63rd Pocket Park	\$13,743	\$15,000
Description:	This project seeks to hire a landscape architect to help the local community create a pocket park design and project cost estimate. In the spring of 2005, the Pro Parks Levy Oversight Board awarded \$150,000 to develop a pocket park on this site. On September 28, 2005 the Seattle City Council approved the budget recommendation.			
	St. James Community Garden Enhancement	White Center Food Bank	\$7,000	\$4,500
Description:	This project seeks to make the St. James community garden a safer area by trimming overgrown bushes and adding lighting, in order to create an open and visible community gathering space.			
	Traffic Circle for 39th Ave SW and SW Lander St	39th Avenue & SW Lander Neighborhood Committee	\$4,150	\$4,150
Description:	This project would build a traffic circle at the corner of 39th Ave SW and SW Lander.			
	Come out of your Shell: A Storytelling/Theatre Workshop for Homeless Teens	Turtle Theatre Collective	\$4,910	\$4,085
Description:	This project will create a series of six, three-hour storytelling/theatre workshops and a final public performance by and for homeless teens to give them a sense of self-awareness and confidence, ultimately contributing to their ability to get off the streets and become active and productive members of our community. Extended programs will be developed as a direct result of the pilot workshop series.
